Dear Mr. Smith:

On behalf of Humane Society University (HSU) and The Humane Society of the United States (HSUS), I would like to take this opportunity to thank you and the Village of Palatine for hosting the Disaster Animal Response Training (DART) workshop held on May 29-31, 2009. We greatly appreciate your enabling us to provide this valuable training to the people in your area.

Enclosed is a small token of our appreciation – apologies for the tardiness in getting this to you. Again, thank you and we look forward to working with your department in the future.

Sincerely,

Frances Gaeta
